RE: Piedmont Natural Gas Company, Inc.
Notice of New Natural Gas Construction Project
Docket No. 2012-278-G

Ms. Boyd,

Please file these comments in Docket No. 2012-278-G.

I am a landowner in Greenville County with property bordering on Beaverdam Creek, which I understand is within the proposed new PNG pipeline route. I have read Brooks Smith's letter of Dec. 4, 2020 to you and I am in agreement with her comments.

It is especially concerning to me that PNG would not hold a public meeting, virtual or otherwise, with landowners so we could receive information as a group and have an opportunity to ask questions and receive consistent answers. It has been very disappointing to hear what individual neighbors have been told by PNG representatives in regard to the proposed pipeline. I encourage the Commission to review the process for this type of project and consider anything within your power to bring about improvement.

Thank you for considering my comments.

Sincerely,
Elizabeth Braxton
